

A TEN-IN-ONE POCKET STATIONERY UNIT

ABSTRACT

The present invention relates to a ten-in-one pocket stationery unit that is especially suitable for students, office workers and frequent
5 travelers. The pocket stationery unit adopting precision designs and crafty room layout is equipped with ten functions in a single unit, including: a tape measure, a carton opener, a stapler, a hole puncher, scissors, a pencil sharpener, a nail file, an LED lighting, a minus-type and a Philips-type screw driver, a housing defined by a top cover, a
10 bottom seat, an upper partition and a lower partition, to allow easy carriage and to provide convenience.
